Manitoba Producers to Meet

Winnipeg – Keystone Agricultural Producers (KAP) invites all Manitoba producers to gather at its upcoming district meetings happening across the province this month.

The meetings are an opportunity for producers to talk to KAP officials about the organization, agricultural policy, and current issues. Each district board also elects its representatives for the coming year.

“These meetings are the chance for producers to hear about what KAP has been doing on issues such as Growing Forward programs, transportation, and assistance for the livestock sectors,” said Ian Wishart, KAP President.

The district meetings also offer members the opportunity to voice their concerns and vote on resolutions to bring to the KAP annual meeting in January.

“It’s their chance to provide feedback on how we can build a better operating environment for all producers in the province,” said Wishart.

The first meeting will be held on Thursday, November 5 in Souris. All producers and media are encouraged to attend a local meeting. For the complete schedule, please visit www.kap.mb.ca.
