KAP Young Farmers to Launch New Web Site

Winnipeg – KAP’s Young Farmers Committee will be launching a new web site on Monday, March 19 that will help to link technology-savvy producers with online links and resources that help build their operations and grow their own management skills.

The site will also help to keep young farmers informed about events and opportunities that the committee will be organizing. The Young Farmers Committee will also be linking to the Canadian Young Farmers Forum, and other organizations and businesses that may be of interest to young farmers. Requests for links on the site will be considered by the committee.

The site will be officially launched at 9:00 am on Monday. Media who wish to take an advance look at the site can do so by visiting <http://www.kap.mb.ca/yfc/index.html>
